

The Greenlight Gazette

Got Problems??

File your grievances with the new system from the Arts and Sciences Student Council.

Grievance is filed and issue is investigated.

Proper authorities are notified. Planning and execution of issue resolution.

Issue is resolved. Follow up report is noted and filed for future reference.

Lock is broken on Men's Restroom stall door on first floor of Douglas Hall.

Council investigates legitimacy of claim and reports to maintenance. Maintenance repairs door lock.

Council checks lock on door. Report is filed indicating process and time period in which lock was repaired.

Where do we go from here?

Earth Fact #1:

A collection of trash from the United States, Asia, and the Pacific Islands roughly the size of Texas sits in the middle of the Pacific Ocean. It is known as the Great Pacific Garbage Patch and it is made up of mostly harmful plastics.
